CONFIRMED BY HATCH

At Least One of the Reported Vandalia Changes Will Be Made.

Mr. Hatch Says He Will Take the Superintendency of the Michigan Division-General Railway News.

The information concerning the Vandalla changes telegraphed the Journal yesterday from Logansport has been in part confirmed by Superintendent F. M. Hatch, who is now in that city with N. K. Elliott. Mr. Hatch says he has no authority to speak for the others, but that he has been appointed superintendent of the Michigan division of the Vandalia, with headquarters at Logansport, to take effect April 15. Mr. Elliott declined to say anything for publication.

F. G. Darlington, superintendent of the Indianapolis division of the Pennsylvania lines, and M. W. Mansfield, superintendent of the Indianapolis & Vincennes, returned from the East yesterday. Both gentlemen say it has not been settled who will succeed Harry Miller on the Louisville division or W. B. Leeds on the Richmond division. H. (Bonebrake, passenger train master of the Panhandie lines, formerly a train dispatcher, is mentioned for one of

When Mr. F. M. Hatch takes the posttion of superintendent of the Michigan division of the Vandalia B. W. Taylor will rank as the oldest engineer of main-tenance of way on the lines west of Pittsburg and W. C. Cushing next in length of

Rates and Divisions.

A joint conference between a special committee from the Central Traffic Association and a special committee from the Southwestern Traffic Association was held at the headquarters of the latter association, in St. Louis, yesterday. The matter of Texas rates was the principal subject under consideration, with a view of the settlement of long-standing differences on rates and divisions for freight traffic between and Southwestern Association Central territory. Whatever is done at the conference will be submitted for approval at the next regular meetings of the associations. The general opinion expressed at the meeting was that the cut announced by the Santa Fe and the 'Frisco on grain rates into Southwestern territory need not necessarily demoralize rates. The rates have never been fully lived up to, owing to the unsettled condition of affairs at the Missouri river, and this cut is nothing more than an outgrowth of this trouble.

Election of C., R. & Ft. W. Officers. The annual election of directors and officers of the Cincinnati, Richmond & Fort Wayne railroad occurred at Richmond yesterday, resulting as follows: Directors-William Perry, C. C. Binkley, John F. Miller, H. E. Robinson, Richmond, Ind.; David Studebaker, Decatur, Ind.; J.T. Brooks, J. E. Davidson, James McCrea, Pittsburg; W. O. Hugart, W. R. Shelby, T. J. O'Brien, Grand Rapids, Man. The directors elected the following officers: President, William Parry, Richmond; vice president, W. O. Hugart, Grand Rapids; secretary and treasurer, F. A. Gorham, Grand Rapids. The votes cast represented \$1,334,700 of the capital stock.

Rates Thought to Be Solid.

Careful inquiry among freight men at this point shows that the bettef is general that east-bound rates are now being adhered to at Indianapolis, Chicago, Peoria and St. Louis. Shippers on Monday and Tuesday claimed to have information that certain fast freight lines were shading rates, but inquiry showed that there was not the least ground for such a statement. Information from Chicago is that eastbound rates are being maintained.

Personal, Local and General Notes. Andrew Shea, recently appointed supervisor of the Union railway and Belt road,

is seriously ill. In March there were handled at the Union Station baggage rooms 31,195 pieces of baggage, against 35,332 in March, 1893. The engine classification rules on the Wabash road have been canceled and engineers will be placed on an equal footing as regards compensation.

Chief Train Dispatcher Tousley, of the Panhandle lines, returned yesterday from Hot Springs, Ark., where he went with his son, who is in poor health.

The new management of the Evansville & Indianapolis proposes to make such improvements at Indian Springs as will make It a popular pleasure resort. The Wabash officials have given the employes to understand that when business

improves the company will willingly restore their wages to the present basis. The April number of the Locomotive Fire-men's Gazette is received. Besides its regular features there are several well-written articles on leading questions of the day. General Freight Agent Hibbard, of the Vandalia, was in the city yesterday. He reports freight earnings improving, as the business now moving is better paying

Twenty-two rate clerks of roads in the Central Traffic Association are at the Bates House for a couple of days revising the rate sheet of all lines in Central Traffic territory. John Ewan, formerly Bee-line superin

tendent, later with the Monon, is much worse and his physician says his death may be expected any moment. He is partially paralyzed. The holders of the second mortgage bonds

of the Kentucky and Indiana bridge claim that they have parties ready to bid in the property at a sum sufficient to cover the first and second mortgages.

D. Cory, superintendent of motive power of the Cincinnati, Hamilton & Dayton, was in the city yesterday arranging to have more engines rebuilt at the shops of the Indianapolis, Decatur & Western.

The new conductors on the Big Four, all of whom were promoted from the ranks, are said to be giving satisfaction in their new positions, making few mistakes and getting their trains through on good time. F. P. Sargent, grand master of the Brotherhood of Locomotive Firemen, denies emphatically that he or Grand Chief Arthur gave the employes of the Chicago & Eastern Illinois to understand that they must accept the reduction in wages. The Wabash people evidently do not intend to give up the Eel River division at present. The section gangs have been increased and a good deal is being done in the way of putting in new ties and repairing

H. S. Catherwood, passenger conductor on the Monon, who has been in San Antonio, Tex., for several weeks for the benefit of his health, writes that he has gained sixteen pounds and has recovered the full use of his limbs.

It is stated that the position on the Penn-sylvania lines made vacant by the death of E. B. Wall will not be filled at present, but when a man is appointed it is thought J. J. Turner will be the assistant to the general manager.

The Ohio Southern management has been offered a building of fifteen rooms, free for two years, providing the company will remove its headquarters from Springfield, O., to Lima. George Saul, president, favors accepting the proposition.

The emigration from Kentucky and southern Indiana to Kansas and southwestern Missouri is still large. Most of the emigrants carry their furniture, live stock, etc., with them, chartering cars which will carry the goods of two or three families. Chief Surgeon Ford, of the Big Four lines, is this week on the St. Louis and Cairo divisions. From these he goes to the Peoria & Eastern to give information

Master Mechanic Doebler, of the Big Four shops, Michigan division, has invented two machines, one for punching holes in sheet iron, the other for boring rivet holes in the same material, which are said to work very satisfactorily. He will apply for letters patent.

Mr. Spillman, chief clerk for A. A. Zion, superintendent of the Union Railway Company and Belt road, vesterday received a letter-from D. F. Whitcomb, who a few weeks ago went East for his health, stating that he is much improved and expects to be in Indianapolis the 1st of next month. The Pennsylvania Railroad Veterans' Association, which now numbers 264 members, is arranging for its annual banquet at Pittsburg, April 26, on an elaborate scale. The company will place a special train at their service. Robert Pitcairn, superintendent of

Terre Haute will profit by the new management of the Evansville & Terre Haute. For years past the road was under full control of D. J. Mackey and his friends, and everything was worked to aid Evansville. The new management finds that it is as important to look after the company's business at the Prairie City as the busi-ness of the city in the Pocket.

The jury in the case of Cory against the Big Four, which has been on trial at Colfax for several days, returned a verdict for \$300 in favor of the plaintiff, after being out all night. The demand was for \$10,000. Cory was struck by one of the Big Four trains and received serious injuries. The attorneys of the Big Four set up a plea of contributory negligence.

The board of arbitrators, to which was submitted the Burlington's appeal from the fine of \$359 put upon it several days since on the charge of selling cut-rate tickets between Chicago and St. Paul, decided the case yesterday in favor of the Burlington. The road proved that it had not sold any tickets at reduced rates, and made affidavit that it had not paid and was not intending to pay any commissions in the future on the sale of tickets.

The Union Pacific and the Western pas-senger lines are still fighting over the emigrant question, and last night were a little nearer an agreement than at any time since the meeting began. The Atchison announced that it was growing weary of the extended conference, and that if an agreement was not practically reached to-day it would take care of its own business in its own way. This means that rates will all go to smash again.

Roadmaster Wright, of the Monon, has in the last two weeks distributed 40,000 ties on the Indianapolis division, which will be put in the track as soon as the weather will permit. Mr. Wright says that at no since he has been connected with the road has its track been in as good shape as now. Every bridge on the line has been renewed within the last eighteen months and the company will not spend any money in that direction for some years.

The International Association of Ticket Agents left New York yesterday, via the Royal Blue line and the Shenandoah limited, for New Orleans, en route to their convention at Los Angeles, Cal. At New Orleans they will meet the delegation from Chicago and other Western points. There was about 125 in the party from New York and the East. The party is in charge of J. E. Prindle, New York passenger agent of the Norfolk & Western railway, who goes with them as far as New Orleans. The ticket agents are accompanied by their

The officials of the Pennsylvania lines from the East who attended the funeral of E. B. Wall, at Columbus, on Wednesday, were hauled on a special train from Pittsburg to Columbus. The party consisted of General Superintendent Sheppard, of Altoona; Vice Presidents J. T. Brooks and John E. Davidson, Secretary Liggett, Treasurer T. H. B. McKnight, General Su-perintendent of Transportation E. B. Tay-lor, Controller John W. Benner, Purchasing Agent H. O. Hukill, Signal Engineer W. M. Grafton, Freight Traffic Manager William Stewart, Superintendent of Motive Power G. L. Potter, Superintendents A. B. Starr, J. J. Turner and C. D. Law. The remains were interred beside those of Mrs. Wall, who died less than a year ago.

MOTORMAN TOO ALERT.

James Shea Attempts to Kill Himself in Front of a Car.

James Shea, aged thirty years, residing at No. 31 Beacon street, Indianola, made several attempts at suicide on Prospect street vesterday morning about 9 o'clock. Shea's mind is disarranged on account of disappointment and hard drink. Yesterday morning he went into a drug store on Prospect street and asked for a revolver with which to shoot himself. This being refused, he asked for 10 cents' worth of morphine. The clerk, who saw at once that Shea's mind was affected, also refused him the drug. Shea rushed from the store and threw himself in front of a fast approaching street car. The motorman saw the act and exerted his utmost strength on the brake, with the result that Shea's life was saved, the car stopping when the wheels were almost on him. Patrolman Furgason was informed and he took charge of Shea until the patrol wagon arrived, which removed Shea to the police station. An insanity inquest will be held over him this morning at 9 o'clock. Until recently Shea was a boiler maker employed at the L. D. & W. shops, west of

First Presbyterian Annual.

At the annual meeting of the First Presbyterian congregation last night David Greene was unanimously elected clerk of the church. Reports were read by the following: Col. W. G. Young, for the board of deacons; A. N. Dwyer, for the Sunday school; Mrs. John E. Cleland, for the Woman's Missionary Society; Mrs. T. C. Day, for the Sunshine Mission Band; Harry Sickels, for the Olive-street Sunday school W. F. Clark, for the Y. P. S. C. E.; Howard Foltz, for the board of trustees. T. C. Day was elected ruling elder to succeed Mr. Stowell (deceased.) Messes. J. W. Lilly, A. N. Dwyer and A. F. Kleinsmith were chosen acting deacons, and Messrs. H. C. Long, F. T. Lee, Evans Woolen, M. E. Vinton and H. M. Feltz were elected trustees.

Marion's Athletic Club.

The State Bank of Otterbein was incorporated yesterday with a capital stock of \$25,000. The directors are Job H. Van Natta. James A. Gray, John W. Sappington, Henry A. Moore, A. G. Woodhaus, James G. Van Natia and J. E. Switzer. The fifteen-thou-sand-dollar bond of Job H. Van Natta as president was filed; also that of Robert H. Bolt in the sum of \$10,000 as cashier. All the directors signed the customary sworn statement that they will be faithful The Marion Athletic Club, of Marion, was also incorporated. M. L. Root is president, George W. chard treasurer. Insane Hospital Allowances. The Central Hospital for Insane drew from the State treasury yesterday \$20,222.27 for March maintenance, \$751.81 for clothing, \$1,444.66 for repairs and \$61.67 for sewer. 'The Girls' Reformatory drew \$2,803.89 for

last month's maintenance.

NORTH-SIDE REPUBLICANS.

They Hold a Big Meeting and Listen to Several Speeches.

The Murphy League Hall, at the corner of Seventh and Bellefontaine streets, was filled last night by an enthusiastic meeting held by the North-side Republican Club. Vice President Gus Boyd presided. George Harvey was the first speaker. He spoke of the unreliability of the Democratic party. Its records had proven that whenever in power its ruling had been one of turmoil and trouble. It is a party of inconsistency. as proven in the actions of the House of Representatives and the Senate. The party | ment at the Grand Opera House to-night, the fact that the party was a unit for a change of the tariff. The bill coming before Congress had caused such a commotion in the Democratic ranks that the entire country had become disgusted and were ready for any change. The Republican party had are also a strong feature of the entertainan opportunity for sweeping the country as never before. The only thing needed for the party to secure a "walkover" over the entire country was to scrutinize among the list of candidates and nominate men of

The Bald-headed Glee Club, which has long been established in the hearts of the local Republican party, rendered several songs, after which Charles S. Wiltsie spoke on the favorable chances for the Republican party to win in the coming elections. The tide of popular favor and public feeling was with the Republican party in the face of the recent disastrous rulings of its opponents. The present activity of the Repub-lican party had never been excelled. Mr. Wiltsie also advocated the selection of men of character for the ticket, and this, with a strong platform, would follow in a "clean sweep" for the party. Drs. A. W. Bray-ton, H. C. Castor and J. J. Garver then fol-lowed in short speeches. George Spahr, speaking next, reviswed the history of the Republican as a party of prosperity. The greatest reformations in good government in this country had come through the Republican party. It was a party of con-sistency, prosperity, and had given the people the best laws and the soundest currency of any country in the world. Chairman Gowdy, who was to have spo-ken, was unavoidably called away by ill-ness in his family. John J. Johnson, Al Taffe, John W. Coyner, A. J. Joyce and D. W. Grubbs followed in short speeches, in which they announced their candidacy

OPENING OF THE CONFERENCE.

Services of the Evangelical Association -Standing Committees.

Yesterday morning, at 9 o'clock, the fortysecond annual session of the Indiana Conference of the Evangelical Association was opened by Bishop Bowman, of Chicago, in the church at the corner of New York and East streets. The meeting was opened with a fervent prayer by the Bishop, which was followed by a song. A short service was held, in which songs and worship intermingled. At 10 o'clock the conference went into a secret session, in which the moral and official character of each minister of the conference was examined. The chair then appointed Rev. S. H. Baumgardner, of Kendallville, as secretary, with assistants, to report the afternoon session.

The afternoon session opened at 2 o'clock with a Scripture lesson by Bishop Bowman. Rev. A. Geist then offered a song, which he followed with a prayer. Rev. J. F. Grob, of the Atlantic Conference, Rev. J. E. Stoops, of the Oregon Confer-ence, and Rev. E. P. Troyer, of the Illinois Conference, were then received as advisory members. The chair appointed the standing committees. It was reported that the following members of the association had died during the year: S. B. Kring, L. E. Beverly and G. E. Speicher. Those who had irregularly withdrawn from the association during the year were H. Plantz and Dilts Joily. H. E. Thompson, William E. Snyder, A. L. Elsey, F. J. Hedhe, William Riley, L. L. Orth, W. H. Cary, S. I. Zechial were elected members of the association on probation. The presding elders ciation on probation. The presding elders were allowed to remain upon their respective districts without any change. Seven members announced themselves as candidates for the order of deacon. Rev. J. Lerch, treasurer of the Northwestern College, in Napersville, was re-ceived as an advisory member, and Rev. W. H. Brightmeier was granted his creden-tials to unite with the Ohio Conference of the association.

The preliminary arrangements for forming a Conklin Hill Park Association were discussed. The company will be organized with a capital stock of \$10,000, each share being valued at \$25. The matter will receive definite consideration to-day.

MR. GIBSON'S PROPOSITION.

Commissioners Think He Wants the Earth with a Fence Around It.

The County Commissioners are considering the proposal of Architect Gibson, who wants to cut down the courthouse yard. He announced his terms yesterday and agrees to perform the work for \$14,000. He proposes to grade the yard from the lower sill of the basement windows to the street level, excepting at the approaches and over the external steam heating apparatus. At the approaches the surface will be rounded off as at the east and west approaches of the Statehouse. The ground will be removed to six inches below the level and filled six inches with rich soil in order that trees may flourish. The architect then proposes to remove the wall from around the yard, face the foundations with stratified limestone, and if desired will sed the enthe original price. Mr. Gibson further desires it understood that the contractor is entitled to all material not used in the improvement, including the earth and stone. The commissioners, in glancing over the proposition, found nothing particularly disturbing about it until the latter clause was reached. They say that Mr. Gibson puts his offer in the light of a man asking for the earth with a fence around it. They claim that the courthouse wall is worth not a cent less than \$10,000, and believe that if the stone was sold it would easily bring \$15,000. Mr. Gibson's proposition will be referred back to him.

AMUSEMENTS.

Ames Union Band.

The Ames Union Band, of Michigan City, gave a concert last evening at Plymouth Church under the auspices of the Queen Esther Chapter of the Order of the Eastern Star. The band is composed of twentyeight men, uniformed, and they give a varied and interesting programme. In addition to the band there were three vocalists, Mrs. Zelda Seguin-Wallace, who was engaged especially for the concert, Miss Cora Nafe, of Michigan City, and Miss Mattie Walton Hess. Mrs. Wallace sang well, as she always does. Her clear and distinct enunciation is one of the most commendable qualities of this singer, who has been one of the greatest favorites in opera in this country. Her first song was "Daddy," and she gave a ballad, "Mignon," in response to a recall. Miss Nafe has a sweet soprano voice, which she knows well how to use, and Miss Walton sang delightfully an aria by Rossini and responded with "Twas April," by Nevin. The band has an interesting history. It is under the direction of Mr. Alfred Cook. A few years ago Mr. Ames, of Michigan City, after whom the band is named, left a legacy for the pur-pose of keeping the band together. With Mr. Cook the members have been in continuous practice for about five years. They the first prize city at the encampment last Seotember. They took the first prize at a festival at Valparaiso a short time ago. They played at the world's fair, under the auspices of the American Association, being stationed in the Transportation Building, and they have played in Detroit and other cities with great success.

Park-"Rube Stacy."

There was a change of bill at the Park Theater yesterday afternoon, when J. W. Harrington made his first appearance here in "Rube Stacy," a Yankee comedy drama, that deals principally with New England life and characters. Rube Stacy, a big. good-natured horse trader, little Rosebud, his adopted daughter, Smythe Ferret, a typical villain, Ralph Bryant and Lillian Jones, his accomplices, are the leading characters in the plot of the play. Mr. Harrington's interpolated imitations were well received as were the specialties introduced by Frank Cummings, J. Lancaster and others. The company is up to the average. The engagement is for the balance of the
